

Art Exhibit at the National Wetlands Research Center

March 28 - April 1, 2011

Our Story Through Art Is Our Strength

The U.S. Geological Survey
National Wetlands Research Center
invites you to participate in our
2011 Women's History Month celebration.
This year's theme is
Our Story Through Art Is Our Strength.

We will be hosting a gallery showcasing the talent of women artists March 28–April 1 at the National Wetlands Research Center, 700 Cajundome Boulevard, in Lafayette.

All visual art media are welcome. We are particularly interested in pieces that reflect nature; however, this is not a requirement for submission.

The exhibit will be open to the public from 8:00 a.m. until 3:30 p.m. from Monday, March 28, through Friday, April 1. An opening reception will be held on Monday, March 28, from 5:30 to 8:00 p.m.

To receive additional information and participation forms, please visit www.nwrc.usgs.gov or contact Gabrielle Bodin at 337-266-8655 or boding@usgs.gov. Deadline for submission of participation forms is March 18.

To create one's world, in any of the arts, takes courage.
Georgia O'Keeffe

We hope you will join us in celebrating the talent of some phenomenal women artists.
